

**Addendum No. 1
November 8, 2024**

1. Is there a budget range you have in mind?

The Authority anticipates a project cost of approximately \$25,000 - \$50,000 interpretive design services for the Coyote Valley Open Space Preserve Improved North Meadow Public Access Project.

2. Will there be any 3-D elements included in the interpretive components? Concrete walls, inlay, bronze elements, or surface treatments in or on the concrete?

The Authority is seeking a proposal for the development of five interpretive signs for this project, however, there may be additional project work for other types of interpretive features, including 3-D elements, such as inscriptions in concrete.

3. Who was the artist/illustrator for the Example Projects Submitted in Addenda 5 - 6, Rancho Canada Del Oro and Coyote Ridge projects?

The artist/illustrator for these projects is Amy West.
